

# Stoutner Code Submission Agreement

I, \_\_\_\_\_, hereby transfer to Soren Stoutner my entire right, title, and interest (including all rights under copyright) in my changes and enhancements to the programs made by Stoutner, subject to the conditions below. These changes and enhancements are herein called the "Work". The Work hereby assigned shall also include any future revisions of these changes and enhancements hereafter made by me. This agreement is valid as long as the programs contributed to are available under an open source license approved by the Free Software Foundation or a similar organization.

I hereby agree that if I have or acquire hereafter any patent or interface copyright or other intellectual property interest dominating the program enhanced by the Work (or use of that program), such dominating interest will not be used to undermine the effect of this assignment, i.e. Soren Stoutner and the general public will be licensed to use, in these programs and their derivative works, without royalty or limitation, the subject matter of the dominating interest. This license provision will be binding on my heirs, assignees, or other successors to the dominating interest, as well as on me.

I hereby represent and warrant that I am the sole copyright holder for the Work and that I have the right and power to enter into this contract. I hereby indemnify and hold harmless Soren Stoutner and his agents against any and all claims, actions or damages (including attorney's reasonable fees) asserted by or paid to any party on account of a breach or alleged breach of the foregoing warranty. I make no other express or implied warranty (including without limitation, in this disclaimer of warranty, any warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE).
